My dearest Friend Watertown June 19th 1775

I thank you for the line you sent me this Morning it was a Cordial, indeed; I had a very anxious night of it, but I Committed you to the Care of a kind and good God, who has preserved you: blessed be his Name for this Instance of his unmerited Goodness! — May he still preserve you my dear, and make you a great blessing to your Country: be Courageous, and be Prudent. I feel much better than I did an Hour ago; Indeed my dear had Doctor Warren been my Father, I could not have mourn'd him more: but he lives and I am happy. It is an important day! May Heaven smile upon us; be not anxious about me, I have up fortitude. My trust is in God. — I've been Plaiting hair till my hands are blistered with Mrs Gleaton, and Cuthy and Katy have made a box full. Pray it may not be wanted. — but if it is hope it will do good. come and see me as soon as Possible. All I can do is to Pray for you. — and you'll believe I do that as sincerely as you can
